

The FAA Safety Team presents:

Accident Causation and Prevention Session at HAI HELI-EXPO 2016

The expectation for this course is for the attendees to become familiar with Accident Causation. To design, develop, and implement an effective accident prevention program, an organization must first understand what causes accidents. This session describes a model for accident causation that addresses organizational features and conditions that may cause an accident.

This course is offered at the HAI Rotor Safety Challenge at HELI-EXPO 2016. These sessions are FREE to all HELI-EXPO 2016 registered attendees and exhibitors.

Attend at least six Rotor Safety Challenge sessions at HELI-EXPO 2016 and receive a certificate of recognition for completing the 2016 HAI Rotor Safety Challenge.
